About the ELEEF

Established in 1995, the East Longmeadow Educational Endowment Fund (ELEEF) is a private, nonprofit 501(c)(3) group that works to improve the quality of the town's public education. Each year, we provide grant funding to programs outside of the school budget to enrich students' learning experiences and enhance their educational environment. All of our funding comes directly from fundraising events, sponsors and private donors. Teachers with a need for new resources or an idea for an educational program can apply to ELEEF for funding to get their program off the ground.
